Privacy Policy

This Privacy Policy governs the manner in which Laith Alshara (referred to as "we", "us", or "our") collects, uses, maintains, and discloses information collected from users (each, a "User") of the Laith-TL.github.io website ("Site"). This privacy policy applies solely to the information collected by this Site.

Non-Personal Information

We may collect non-personal information about Users whenever they interact with our Site. This information may include the browser name, the type of computer, and technical information about Users' means of connection to our Site, such as the operating system and the Internet service providers utilized and other similar information.

Collection of Statistics

We collect statistics about the behavior of visitors to our website. This data includes but is not limited to, the number of visitors, the pages visited, the duration of the visit, and other similar information. This data is collected solely for the purpose of analyzing website traffic and improving user experience.

Viewing of Statistics

The statistics collected are only viewable by Laith Alshara, the owner of Laith-TL.github.io. They are not accessible or viewable by any other parties.

Changes to this Privacy Policy

Laith Alshara has the discretion to update this privacy policy at any time. When we do, we will revise the updated date at the bottom of this page. We encourage Users to frequently check this page for any changes to stay informed about how we are helping to protect the personal information we collect. You acknowledge and agree that it is your responsibility to review this privacy policy periodically
